Card Center

From your Synergy FCU app, you have full control over your debit and credit cards. Card Center allows you to turn your cards on and off, set spending limits, set transaction alerts, and set travel alerts.

You can also see a map of where all your transactions have happened, so you can visually see if any transactions look suspicious. Log into the app and look for the little card icon to get started.

Budget Center

Introducing Budget Center, a one-stop shop for managing your money. Budget Center allows you to not only see your Synergy FCU accounts but link up your external accounts too. You can see your net worth all in one place. You can set financial goals and check back in on your progress.

You can also set up a Cashflow calendar, adding in your expenses and income, so you can see if you have enough funds in your account to cover your expenses. Budget Center can be found inside Online Banking and in the app. Best of all, Budget Center is totally free.
