SUMMER TRAVEL TIPS

The summer sun is out, which means it's time for some fun! Before you head out for your summer adventures, make sure your funds and accounts are taken care of and that Synergy FCU is aware of any out of state or country travel plans. Take these tips to help keep your accounts safe during your travels.

- Put a travel notification on your card(s) so the fraud detection system will know you are temporarily in a new place
- Put alerts on your accounts inside Online Banking so you'll know if suspicious activity is happening
- Only take the cards you'll need on your trip and store the rest in a safe place at home
- Find free ATMs and Shared Branches online or in the app in the event you need cash
- Make sure your account information is up to date so we can contact you if needed

Taking these extra precautions can help you to have a stress-free trip. Have a safe summer!
